Serial 1

Sir

I request that you will be pleased to sanction to me a loan of Rs 210, being six months' pay, under Article 136, Chapter VIII of the Civil Account Code Volume I to enable to extend the building I have raised in the Malleswaram Extension.

I beg to remain
Sir

Plan

Plan was not given as there
to build a house such in the front
Compound wall & Plastering
round. The Plan is produced &
given to the Municipal Comm

Report on the inspection of the house of K. Swappa Clerk General and Revenue Secretariat situated in the Mallesmaram Extension.

Serial 3

I inspected this house on the evening of the 20th December 1903, and the District Subovenseer accompanied me to aid me in the valuation of the house and other technical matters.

From the Treasury Office records it is seen that the first advance has been fully paid up, the original advance being Rs 360/-.

The valuation of the house as it stands at present is nearly Rs 800/- according to the estimation of the Subovenseer and myself.

The original and approved plan was not submitted.

The proposals of the owner with regard to the improvements of his building are the erection of Compound walls and two rooms with a verandah between them and plastering.

The District Subovenseer thinks that these could be effected at a cost of Rs 400/-.

The applicant's plan of the house (according to his statement) seems to be impounded in a Civil Court for a case instituted by him against his neighbour. I am afraid

of the loan were sanctioned, the amount
diverted for the purposes of litigation rather
than for the improvement of his house.

Besides, the suggested improvements,
the owner such as the verandah and compou
wall become secondary in importance
when the fact is considered in the light of
his being bound litigiously.

In such state of things I cannot recommend
him for the second advance without some
guarantee being had that the money advanced
would be solely utilized for the improvement
of his house.
